Virtual Markets Update

We would like to invite you to join us for an online presentation.

This is planned to last no more than 45 minutes including time for questions and answers.

You will hopefully have seen Geoff Cooper's Market Updates. Geoff Cooper is our Head of Investment Management, and this is an opportunity to meet him in the 'virtual' person. He will be:

- Reviewing what has happened in the Global economy and markets so far this year.
- Talking about how this has had an impact on our strategies to this point, and how we are shaping them for the future.
- Discussing how environmental, social and governance (ESG) factors are shaping the future of investing.

The presentation should last 30 minutes with opportunity for a 15 minute Q&A session at the end. If you have any particular questions you'd like raised beforehand, please send these through to sarah@mmwealth.co.uk.

Please let us know if you are interested in attending as numbers will be limited by technology. If you are interested in participating, please respond to this e-mail **by Friday 27 November**. This may result in us running more than one session, so it would be helpful to know whether you are a morning person, an afternoon person, or an "any time is fine" person.
