2021 Budget

BUDGET HIGHLIGHTS

- The main rate of corporation tax will be increased to 25% from April 2023 for companies with profits of at least £250,000. At the same time, a new small companies' rate of 19% will apply to companies with profits of up to £50,000.
- For the two years from April 2021, companies investing in qualifying new plant and machinery will benefit from a 130% first-year capital allowance.
- The personal allowance will rise to £12,570 and the higher rate threshold will be £50,270 for 2021/22 and both will then be frozen for the next four years.
- The capital gains tax annual exemption, inheritance tax rate nil rate bands and pensions lifetime allowance will all be frozen at their current levels until April 2026.
- The exemption from stamp duty land tax on the first £500,000 of residential property value will be extended to 30 June 2021 and then replaced by a £250,000 exemption until 30 September 2021.
- The coronavirus job retention scheme will be extended in full until 30 June 2021 and will be phased out over the following three months.
- The self-employed income support scheme will also be extended at its current level with a fourth grant covering the period February to April. A fifth grant will cover the period May to September, but this will be at a lower level for those who have seen less than a 30% drop in turnover.
- The business rates holiday for retail, hospitality and leisure businesses will be extended for three months and will then be reduced to a 66% relief until the end of March 2022.

INTRODUCTION

On some counts this Budget was Rishi Sunak's 15th major announcement since his first Budget, just under a year ago. During this period, the pandemic has dominated the Chancellor's actions and this was true of his latest Budget. To no small degree the framework for Mr Sunak's latest appearance at the despatch box had been set by the data-dependent (but date-filled) road map outlined by the Prime Minister nine days before the Budget.

Mr Sunak extended the main employment support schemes to the end of September. The most significant of these, the coronavirus job retention scheme (CJRS - furlough scheme), was covering 4.7 million employments at the end of January with a cumulative cost of nearly £54 billion. According to the Chancellor, the government's total pandemic-related spending during 2020/21 and 2021/22 will amount to £407 billion. To put that figure into context, it is £14 billion more than the total amount that income tax will produce over the same two years, according to the Office for Budget Responsibility (OBR).

Such spending has left a hole in the UK's public finances that the Chancellor has regularly said must be addressed. However, many outside bodies, from the International Monetary Fund to the Institute for Fiscal Studies, have told him that now is not the time to raise taxes. Their argument is that he should only address the deficit (£355 billion in 2020/21) once the economic recovery is firmly entrenched. In this Budget, Mr Sunak has largely followed that cautious advice, initially limiting his tax rises to the old stealth option of freezing most personal tax allowances and bands until 2026. However, from 2023 he has been bolder, with no less than a 6% increase in the rate of corporation tax. More changes may be aired on 23 March 2021, so-called 'Tax Day'.

PERSONAL TAXATION

Main personal allowances and reliefs	2021/22	2020/21
Personal allowance ¹	£12,570	£12,500
Married couple's / civil partner's transferable allowance	£1,260	£1,250
Married couple's / civil partner's allowance at 10% ² (if at least one born before 6/4/35)	maximum	£9,075
	minimum	£3,510
Blind person's allowance	£2,520	£2,500
Rent-a-room tax-free income	£7,500	£7,500
Registered pension schemes		
• Lifetime allowance	£1,073,100	£1,073,100
• Annual allowance ³	£40,000	£40,000
• Money purchase annual allowance	£4,000	£4,000

1. Personal allowance reduced by £1 for every £2 of adjusted net income over £100,000.

2. Reduced by £1 for every £2 of adjusted net income over £30,400 (£30,200 for 2020/21), until the minimum is reached.

3. Reduced by £1 for every £2 of adjusted income over £240,000 to a minimum of £4,000, subject to threshold income being over £200,000.

Income tax rates and bands	2021/22	2020/21
UK taxpayers excluding Scottish taxpayers' non-dividend, non-savings income		
20% basic rate on first slice of taxable income up to	£37,700	£37,500
40% higher rate on next slice of taxable income over	£37,700	£37,500
45% additional rate on taxable income over	£150,000	£150,000
All UK taxpayers		
Starting rate at 0% – on band of savings income up to ⁴	£5,000	£5,000
Personal savings allowance at 0%:	basic rate taxpayers	£1,000
	higher rate taxpayers	£500
	additional rate taxpayers	£0
Dividend allowance at 0% tax – all individuals	£2,000	£2,000
Tax rates on dividend income:	basic rate taxpayers	7.5%
	higher rate taxpayers	32.5%
	additional rate taxpayers	38.1%

4. Not available if taxable non-savings income exceeds the starting rate band.

Scottish taxpayers' non-dividend, non-savings income	2021/22	2020/21
19% starter rate on taxable income up to	£2,097	£2,085
20% basic rate on next slice up to	£12,726	£12,658
21% intermediate rate on next slice up to	£31,092	£30,930
41% higher rate on next slice up to	£150,000	£150,000
46% top rate on income over	£150,000	£150,000

Trusts	2021/22	2020/21
Standard rate band generally	£1,000	£1,000
Dividends (rate applicable to trusts)	38.1%	38.1%
Other income (rate applicable to trusts)	45%	45%

High income child benefit charge: 1% of benefit per £100 adjusted net income of £50,000 – £60,000.

PERSONAL TAXATION AND INVESTMENTS

Income tax

The personal allowance will rise to £12,570 and the higher rate threshold for 2021/22 will increase to £50,270, as previously announced. From 2022/23 to 2025/26, both the personal allowance and higher rate threshold will be frozen. In Scotland, the higher rate threshold for non-savings, non-dividend income will rise to £43,662 in 2021/22 as announced in the Scottish Budget.

National insurance contributions (NICs)

The NIC upper earnings limit and upper profits limit will remain aligned to the higher rate threshold at £50,270 for 2021/22 and through to 2025/26.

> SAVER

Don't lose your personal allowance. Your personal allowance of £12,570 in 2021/22 is reduced by 50p for every pound by which your income exceeds £100,000. You could make a pension contribution or a charitable gift to bring your income below £100,000.

Taxation of payments under the self-employment income support scheme (SEISS)

Grants from the SEISS made on or after 6 April 2021 will be taxed in the year of receipt regardless of the accounting year end. Legislation in the Finance Bill will ensure this measure has effect for the tax year 2020/21 and for subsequent tax years.

Income tax exemption for employer-reimbursed COVID-19 tests

There will be an income tax exemption for payments that an employer makes to an employee to reimburse the cost of a relevant coronavirus antigen test in 2020/21 (retrospectively) and 2021/22. The corresponding NIC disregard is already in force for 2020/21 and will be extended to 2021/22.

Easement for employer-provided bicycles exemption

There will be a time-limited easement to the employer-provided cycle exemption to remove the requirement that employer-provided cycles be used mainly for journeys to, from or during work. The easement will be available to employees who have joined a scheme and have been provided with a cycle or cycling equipment on or before 20 December 2020. The easement will remain in force until 5 April 2022.

Mortgage guarantee scheme

A new residential mortgage guarantee scheme will run from April 2021 to December 2022, aimed at increasing availability of 91% to 95% loan-to-value mortgages. The maximum property value will be £600,000 and mortgages must be arranged on a repayment basis.

> THINK AHEAD

The dividend allowance and personal savings allowance has been frozen since 2018/19. Your ISA allowance is £20,000 in 2020/21 and 2021/22 – use it or lose it.

Extension of social investment tax relief (SITR)

The government will extend the operation of SITR to April 2023.

Individual savings account (ISA) subscription limits

The ISA annual subscription limit for 2021/22 will remain at £20,000 and the corresponding limit for junior ISAs (JISAs) and child trust funds (CTFs) will stay at £9,000.

Green National Savings & Investments (NS&I) product

NS&I will offer a green retail savings product in summer 2021. It will be closely linked to the UK's sovereign green bond framework, details of which are to be published in June 2021. The first green gilt will also be issued this summer.

> THINK AHEAD

The lifetime allowance is frozen at £1,073,100 until April 2026. Regularly review the value of your pension benefits and any ongoing contributions.

Lifetime allowance

The lifetime allowance for pension savings will be frozen at £1,073,100 until April 2026.

Taxation of collective money purchase pensions

Legislation will ensure that collective money purchase pension schemes can operate as registered pension schemes for tax purposes. These are also known as collective defined contribution schemes (CDCs), to be introduced by the Pension Schemes Act 2021.

CAPITAL TAXES

Capital gains tax (CGT) annual exempt amount

The annual exempt amount for individuals and personal representatives will remain at £12,300 until 5 April 2026, and the amount for most trustees will likewise remain at £6,150 (minimum £1,230).

Inheritance tax (IHT)

The IHT nil rate band will remain at £325,000 until 5 April 2026. The residence nil rate band (RNRB) will likewise stay at £175,000 and the RNRB taper will continue to apply where the value of the deceased's estate is greater than £2 million.

> THINK AHEAD

CGT reform remains on the agenda.

Now may be a good time to review whether to realise your gains before the tax regime becomes harsher.

Stamp duty land tax (SDLT) temporary rates

The temporary increase to £500,000 to the SDLT nil rate band for residential property in England and Northern Ireland is extended until 30 June 2021. From 1 July 2021 until 30 September 2021, the nil rate band will be £250,000 and will then return to £125,000.

Non-UK resident SDLT

As previously announced, there will be an SDLT surcharge on non-UK residents buying residential property in England and Northern Ireland from 1 April 2021. The surcharge will be 2% above the existing residential rates.

SDLT on slices of value (England & N Ireland)

Residential property				Commercial property	
To 30/6/21	1/7/21-30/9/21	From 1/10/21	%		%
Up to £500,000	Up to £250,000	Up to £125,000	0	Up to £150,000	0
N/A	N/A	£125,000 - £250,000	2	£150,001 - £250,000	2
£500,000 - £925,000	£250,001 - £925,000	£250,001 - £925,000	5	Over £250,000	5
£925,001 - £1,500,000			10		
Over £1,500,000			12		

First time buyers: 0% on first £300,000 for properties up to £500,000 from 1/7/21

Non-resident purchasers: 2% surcharge on properties £40,000 or more

Residential properties bought by companies etc. over £500,000: 15% of total consideration, subject to certain exemptions

BUSINESS TAXES

Corporation tax, diverted profits tax and bank surcharge

The main rate of corporation tax will remain at 19% for the year beginning 1 April 2022 and will rise to 25% from April 2023 for businesses with profits of £250,000 and over. The rate for businesses with profits of £50,000 or less will remain at 19% and there will be a marginal taper for profits between £50,000 and £250,000.

These thresholds are proportionately reduced for the number of associated companies and for short accounting periods. The rate of diverted profits tax will increase to 31%. The government will review the bank surcharge rate of 8% in light of the corporation tax increase.

Loss relief

The period over which incorporated and unincorporated businesses may carry back trading losses will be extended temporarily from one year to three years.

This extension will apply to a maximum £2 million of unused trading losses made in each of the tax years 2020/21 and 2021/22 by unincorporated businesses. The same maximum will apply separately to companies' unused trading losses, after carry back to the preceding year, in relevant accounting periods ending between 1 April 2020 and 31 March 2021 and for periods ending between 1 April 2021 and 31 March 2022.

> THINK AHEAD

Your business might be entitled to a valuable R&D tax credit – even if it doesn't make a taxable profit. Check out the position; you might be surprised what expenditure can qualify and how much it could be worth to you.

The £2 million cap will be subject to a group-level limit, requiring groups with companies that have the capacity to carry back losses above £200,000 to apportion the cap between their companies.

Research and development (R&D) tax credits

As previously announced, for accounting periods beginning on or after 1 April 2021, the amount of payable R&D tax credit that a small and medium-sized enterprise (SME) can receive in any one year will be capped at £20,000 plus three times the company's total PAYE and NIC liability.

Super-deduction for investment in plant and machinery and 50% first-year allowances

Companies investing in qualifying new plant and machinery between 1 April 2021 and 31 March 2023 will benefit from new first-year capital allowances.

Investments in main-rate assets – those that qualify for 18% writing down allowance (WDA) – will be relieved by a 130% super-deduction, while investments in assets qualifying for 6% WDAs will benefit from a 50% first-year allowance.

Annual investment allowance (AIA) extension

As previously announced, the temporary £1 million limit for the AIA will be extended again – to 31 December 2021.

Freeports

Eight new English freeports have been announced: East Midlands Airport, Felixstowe and Harwich, Humber Region, Liverpool City Region, Plymouth, Solent, Thames and Teesside. Several tax reliefs will be available in designated tax sites within the freeports once these sites have been confirmed.

- Companies investing in plant and machinery will qualify for a 100% enhanced capital allowance. This will have effect for investment incurred on or after their designation as tax sites until 30 September 2026.
- An enhanced 10% rate of structures and buildings allowance will be available for constructing or renovating non-residential structures and buildings. The structure or building will have to be brought into use by 30 September 2026.
- Full relief from SDLT will apply until 30 September 2026 to the purchase of land for qualifying use in freeport tax sites in England once they have been designated.
- Full business rates relief will be available to all new businesses and certain existing businesses that expand, until September 2026. Relief will apply for five years from when the business first receives relief.
- Subject to parliamentary process, an employer NIC relief will be available for eligible employees from April 2022 until at least April 2026 and possibly up to April 2031.

Plant and machinery leases

Certain parts of anti-avoidance legislation affecting leases extended as a result of COVID-19 will be turned off. This will restore eligibility to claim capital allowances to the position as originally intended immediately before the date of the change in consideration due under the lease.

The change will affect leases only where a relevant change in consideration is implemented between 1 January 2020 and 30 June 2021. Either party may choose not to apply this treatment, the election for which will be binding on both parties.

Off-payroll working

A technical change will address an unintended widening of the definition of an intermediary company in the off-payroll working rules legislation.

Changes to the rules regarding the provision of information by parties in the labour supply chain will make it easier for parties in a contractual chain to share information relating to the off-payroll working rules. The changes will allow an intermediary, as well as a worker, to confirm if the rules need to be considered by the client organisation.

> THINK AHEAD

If you want to take advantage of **Time to Pay**, make sure that you have adequate records to justify your claim to HMRC.

The government will also amend a provision relating to fraudulent information to allow HMRC to take action against any UK-based party in the labour supply chain providing fraudulent information.

Withdrawal of London Inter-Bank Offered Rate (LIBOR)

References to LIBOR in certain leasing provisions will be replaced by 'incremental borrowing rate' as defined by generally accepted accounting practice (GAAP). A time-limited power will be introduced to allow any unintended tax consequences arising from the transition away from LIBOR and other benchmark rates to be addressed in secondary legislation.

Landfill tax

The standard and lower rates of landfill tax will rise in line with RPI, rounded to the nearest five pence with effect from 1 April 2022.

Plastic packaging tax

A new plastic packaging tax will start on 1 April 2022 to encourage the use of recycled plastic instead of new plastic in packaging. As previously announced, the rate will be £200 per tonne of plastic packaging that contains less than 30% recycled plastic content.

> THINK AHEAD

If COVID-19 has left your business with tax losses, you could benefit from the temporary facility to carry back trading losses for up to three years

Tax treatment of business rates repayments

The repayments of business rates relief by some businesses will be deductible for corporation tax and income tax, as previously announced.

Interest and royalties

The legislation that gives effect to the EU Interest and Royalties Directive will be repealed. This legislation currently provides an exemption from withholding tax on intra-group interest and royalty payments between UK and EU companies. From 1 June 2021 withholding taxes will apply to payments of annual interest and royalties made to EU companies, subject to the terms of the relevant double taxation agreement.

Enterprise management incentives (EMI)

As previously announced, the government will extend until 5 April 2022 the time-limited exception ensuring that employees continue to meet the working time requirements for EMI schemes if they are furloughed or working reduced hours because of COVID-19.

VALUE ADDED TAX

Registration and deregistration thresholds

Until 31 March 2024 the VAT registration threshold will remain at £85,000 and the deregistration threshold will stay at £83,000.

VAT deferral new payment scheme

As previously announced, businesses that deferred VAT payments due between 20 March and 30 June 2020 will be able to pay them in 8 to 11 interest-free equal monthly instalments up to 31 March 2022.

Businesses may opt into the scheme until June 2021 and the number of instalments depends on the date of opting in.

Businesses that do not choose this option must pay deferred VAT by 31 March 2021. A penalty will be charged where the deferred VAT is not paid or there is no arrangement to pay.

> THINK AHEAD

VAT rules on cross-border trading have changed following the end of the EU exit transition period.

Make sure you understand how your business has been affected.

Tourism and hospitality

The temporary reduced rate of 5% for hospitality, holiday accommodation and attractions is extended until 30 September

2021. A new reduced rate of 12.5% will apply from 1 October 2021 to 31 March 2022, at which point the rate will revert to the 20% standard rate.

Making tax digital (MTD)

MTD will be extended to all VAT registered businesses with effect from 1 April 2022, as previously announced.

TAX AVOIDANCE AND EVASION

Self-employment income support scheme (SEISS)

A 100% tax charge can be levied on individuals who receive SEISS payments to which they are not entitled. The provisions are being extended to enable HMRC to recover payments where an individual was entitled to the grant at the time of claim but subsequently ceases to be entitled to all or part of the grant.

Late submission and late payment of tax

The penalty regime for VAT and income tax self-assessment (ITSA) will be made points-based, so that a financial penalty will only be issued when the relevant threshold is reached. The new late payment regime will introduce penalties proportionate to the amount of tax owed and how late the tax due is. Interest charges and repayment interest on VAT will be aligned with other tax regimes.

These reforms will come into effect for:

- VAT payers – from periods starting on or after 1 April 2022.
- Taxpayers in ITSA with business or property income over £10,000 a year – from accounting periods beginning on or after 6 April 2023.
- All other taxpayers in ITSA – from accounting periods beginning on or after 6 April 2024.

Electronic sales suppression (ESS)

The possession, manufacture, distribution and promotion of ESS software and hardware will become an offence. New ESS-specific information powers will enable HMRC to identify developers and suppliers in the ESS supply chain and access software developers' source code.

Promoters of tax avoidance

A package of measures will strengthen existing anti-avoidance regimes and tighten the rules designed to tackle promoters and enablers of tax avoidance schemes.

Follower notice penalties

As previously announced, the rate of penalty that may be charged to people receiving follower notices as a result of using tax avoidance schemes will be reduced from 50% to 30% of the tax in dispute. A further penalty of 20% will be charged if the tax tribunal decides that the recipient's continued litigation against HMRC is unreasonable. The changes will take effect from Royal Assent.

Tax conditionality

The renewal of certain licences will be conditional on applicants completing checks that confirm they are appropriately registered for tax, as previously announced. The licences concerned are those needed to drive taxis and private hire vehicles, operate private hire vehicle firms and deal in scrap metal. In Northern Ireland this will apply only to taxi licences.

The change will take effect from 4 April 2022 in England and Wales and from April 2023 in Scotland and Northern Ireland.

Unauthorised removal of goods

From the date of Royal Assent, a civil penalty will apply to traders who remove goods that have been seized from the trader's premises or 'in situ' without prior authorisation from HMRC.

OECD reporting rules for digital platforms

The government will consult in summer 2021 on the implementation of OECD rules that will require digital platforms to send information about the income of their sellers to both HMRC and the sellers themselves.

OECD mandatory disclosure rules

The government will consult on the implementation of OECD rules to combat offshore tax evasion by facilitating global exchange of information on certain cross border tax arrangements.

Amendments to HMRC civil information powers

A new Financial Institution Notice will require financial institutions to provide information to HMRC about any specific taxpayer, without the need for approval from the independent tax tribunal.

Investment in HMRC

Additional government investment will enable HMRC to improve its IT systems to make the collection of tax and payments to taxpayers easier, to recruit additional compliance staff and to continue to fund compliance work.

CORONAVIRUS MEASURES

Coronavirus job retention scheme (CJRS)

The CJRS (furlough scheme) will be extended to run until 30 September 2021, providing employees with 80% of their current salary for hours not worked.

Up to the end of June, the current 80% government payment level will be maintained (capped at £2,500 a month), with employers responsible for NICs and pension payments. The government payment will then drop to 70% in July and 60% in August and September (with the monthly cap reducing proportionately).

Self-employed income support scheme (SEISS)

The SEISS will also be extended to September 2021. A fourth SEISS grant will run from 1 February to 30 April, worth 80% of three months' average profits (capped at £7,500). This grant will be claimable from late April.

A fifth grant, claimable from late July, will cover the period May to September. It will be worth 80% of three months' average profits where the claimant's turnover has dropped by 30% or more. Where the fall in turnover is less, the grant will be limited to 30% of profits (capped at £2,850). Eligibility for both grants will be extended to include those who were self-employed in 2019/20 and who have filed a tax return for that year.

Universal credit

The temporary £20 a week increase in universal credit will continue to be paid until 30 September 2021. The suspension of the minimum income floor (MIF) for self-employed claimants will continue until the end of July 2021. The MIF will be gradually reintroduced from August, but the DWP will use discretion not to apply it on an individual basis where a claimant's earnings continue to be affected by COVID-19 restrictions.

Those claiming working tax credits will receive a one-off payment of £500.

Recovery loan scheme

From 6 April 2021, a new recovery loan scheme will provide lenders with a guarantee of 80% on eligible loans between £25,000 and £10 million. The scheme will be open to all businesses, including those that have already received support under the existing COVID-19 guaranteed loan schemes.

Restart grants

The government will provide restart grants in England of up to £6,000 per premises for non-essential retail businesses and up to £18,000 per premises for hospitality, accommodation, leisure, personal care and gyms. Local authorities in England will be given an additional £425 million of discretionary business grant funding.

Business rates reliefs

The 100% business rates relief for eligible retail, hospitality and leisure properties in England will continue to 30 June 2021. It will be followed by 66% business rates relief from 1 July 2021 to 31 March 2022, capped at £2 million per business for properties that were required to be closed on 5 January 2021, or £105,000 per business for other eligible properties. Nurseries will also qualify for relief in the same way as other eligible properties.

NATIONAL INSURANCE CONTRIBUTIONS

Class 1 Employees	Employee	2021/22 Employer	Employee	2020/21 Employer
